

Thermon Product Lifecycle Announcement

END-OF-LIFE FOR DCD-1 and DCD-3

Thermon announces the end-of-life (EOL) for the DCD-1 and DCD-3 and provides a notification concerning the availability of the replacement Genesis Network Bridge and Gateway. The purpose of the DCD-1 and DCD-3 is to provide connectivity to Tracenet Command. Tracenet Command is also EOL and superseded by Genesis Network. Genesis Network is a full featured Trace Heating Supervisory system that integrates Trace Heating controls from Thermon and other third parties site wide.

Key milestone dates are indicated below in Table 1. Refer to Table 2 for a cross-reference between obsolete and replacement item numbers.

Table 1: Milestone Definitions and Dates

Milestone	Definition	Date
End-of-Life (EOL) Announcement	The date that the obsolete product's end-of-life is publicly announced.	October 12, 2022
End-of-Sale (EOS):	The last date to place an order for the obsolete product with Thermon. The product is no longer available for sale from Thermon after this date.	Immediate
End-of-Maintenance (EOM):	The last date to request maintenance or service on the obsolete product.	October 12, 2023

Table 2: Item Number Cross-Reference

Obsolete Thermon Product	Replacement Thermon Product	Replacement Product Description
DCD-1/DCD-3	Genesis Network Bridge Genesis Network Gateway	Trace Heating supervisory platform communication hardware

Product Transition Information

Please contact your local Thermon Sales representative for more information and/or demonstrations on Genesis Network and its components as a replacement to TraceNet Command and the DCD family.
